Rely on recording

Digital Voice Tracer 7890

Record everything on the go.

An MP3 player, FM stereo radio and a digital recorder make the 7890 the perfect lifestyle accessory.

Record meetings, notes or your daily reminders to play back later. Download and play back your favorite tunes, whether you're in the office or on the go. Record your favorite news programs or music from the radio and play back in stereo whenever you want. Organize your voice recordings in four folders and a separate music folder lets you manage your music. The handy alarm clock feature reminds you of important events.

The modern way to organize your life.
